

Phase: KS1 Subject focus: History  
Focusing on...Castles linked to Kings and Queens

**Display focus:** Artwork linked to our Enabling Enterprise project 'Creating an Art Gallery'.

### The Hook

We will learn about castles and kings and queens so that we can organize a 'Medieval Banquet'. We will learn more about famous artists in order to create artwork for an 'Art Gallery'.

### Parent Engagement

Each campus will set up an Art Gallery for parents to visit. There will be activities and refreshments provided too.  
The children are also really looking forward to showing off their skills during our Sports Day at Vernon Park.

### The Aim

To discover more about castles and why they were built and to learn more about the kings and queens that went before Queen Elizabeth 11. Also to find out about what makes a successful Art Gallery.

### LOTC

The children will take part in a 'Weather watch' where KS1 will set up Weather Stations in their playgrounds and record temperature, rainfall and wind direction.

### Pupil Voice

The children have been asked in classes what they would like to find, therefore, we will be learning about knights as well as kings and queens and using 'Horrible Histories' clips too.  
We will also be asking the children which food they would like to make for the banquet and which activities we will set up for the Art Gallery

### Enrichment

There will be an exciting visit to Conkers!  
We will take part in activities which will contribute to the creation of an Art Gallery.  
We will make food and take part in a 'Medieval Banquet' fit for royalty!

### SMSC/British values Theme

We will learn about famous people during 'History Day' and talk about their contribution to society. We will also discover more about different places during 'Global day'.
