## Outdoor Learning

On the sunny days can you look for shadows outside. Is your shadow tall or short? Can you make your shadow dance? What else is making shadows? If you have some chalk you can try drawing round different shadows.

## Numbers

On a sunny day we can hang up washing on the line. If you had 3 tops and 1 pair of shorts, how many clothes would you have altogether? Draw the washing line to find the answer.

If you had 4 socks and 1 blew away how many would there be now? Draw a washing line to find the answer.

## Literacy

Every day this week see what the weather is like. Is it rainy? Cloudy? Sunny?

Can you draw some weather symbols and do your own weather forecast like on JoJo and Gran Gran? Draw them on small bits of paper and then cut them out or ask a grown up to help you.

Or you could record what the weather is like each day and create a diary. We would love to see what you get up to! Don't forget to email your teacher!

## Phonics

There are lots of rhymes about the weather! Try learning some and singing them in the different weathers this week!
