Pets

Do you have a pet at home? Would you like a pet? What would your dream pet be? Why? I think it would be fun to have a monkey, but I don't know if I would like him swinging from my light fittings in my house!

Can you tell a grown up about your dream pet, you could use the sentence

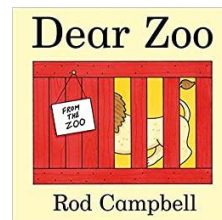

I would like a because.....

Dear Zoo by Rod Campbell

<https://www.youtube.com/watch?v=rudDGRQ9QGA>

In this story, they write to the zoo to send them a pet and the zoo sends them all sorts of silly ones! You might remember before Christmas we learnt the story Dear Santa which was very similar to this story.

Can you listen to this story a few times and retell it to you grown up? Can you think of some actions to help you?

Red words

Can you practise reading and writing these red words this week? They are from the Dear Zoo story!

me they too

Numbers

Look at the I spy pets on the next sheet. Can you count how many different pets there are and can you complete the number sentences?

Writing

Now you have practised retelling the Dear Zoo story with your actions, can you make your own book writing down each sentence? You can choose if you use the animals already in the story, or if you think of some of your own with a reason why they aren't right!

Creative

<https://www.youtube.com/watch?v=re4aKD1mHAq>

Have a go following the instructions to draw a dog! Can you find any boxes at home that you could use to make a kennel for it?

Reading

Can you read the list of pets on the next sheet? Can you read the sentences and decide if they are true or false?

Physical

Can you move like all the pets in the picture on the next page? Maybe you could show your moves to someone else in your house, and see if they could guess what pet you were being!

Pets I Spy and Add to 20

number of each type of pet picture needed in the addition number sentence. Write the numbers in the boxes to create and solve an addition number sentence.

$$\begin{array}{c}
 \text{fish} \\
 \square + \text{rabbit} \square = \square
 \end{array}$$

$$\begin{array}{c}
 \text{mouse} \\
 \square + \text{turtle} \square = \square
 \end{array}$$

$$\begin{array}{c}
 \text{lizard} \\
 \square + \text{lizard} \square = \square
 \end{array}$$

$$\begin{array}{c}
 \text{dog} \\
 \square + \text{parrot} \square = \square
 \end{array}$$

$$\begin{array}{c}
 \text{hen} \\
 \square + \text{snake} \square = \square
 \end{array}$$

Can you read these words?

cat parrot
 dog fish lizard
 hen rabbit

Are these sentences true or false?

The cat is black.

The fish has long fins.

The rabbit is pink.

The parrot is on a branch.

Space

Aliens Love Underpants - Claire Freedman and Ben Cort

<https://www.youtube.com/watch?v=HWbSrmuyptw>

Can you spot all the different underpants the aliens collect?

Can you tell a grown up about all the different patterns you can see on them? Which do you like the best? Why? You could use the sentence starter

I like the ... pants because...

Red Words

Can you practise reading and writing these question words? Can you write some questions using them?

what how why when

Pants pants pants!

Can you design some pants for the aliens to steal? What patterns have you put on yours?

Numbers

5 little aliens were flying in their spaceship.

3 flew down to earth, how many were left?

8 little aliens were flying in their spaceship.

4 more aliens came on board. How many aliens were on the spaceship now?

Can you make up some alien number stories of your own using **how many left** or **how many more**?

Creative

Can you make yourself into an alien? You could make an alien hat, or a mask. Remember to send a photo of you to your class email!

Writing

Can you find some facts about space using the internet? If you have an Alexa, you could ask her if she knows any space facts. Can you write down the facts you have found out?

Reading

There is also another story called Aliens in Underpants Save the World.

https://www.youtube.com/watch?v=P_IeMj5GS3M

How is it similar to the first story? How is it different?

Physical

Can you make some moon sand? Simply mix 4 cups of flour with $\frac{1}{2}$ cup of vegetable oil. You should be able to mould the sand into different shapes, try using a cup or any different cutters to make different shapes.
