This term, our topic is The Romans so many of the activities are topic based.

ENGLISH

Year 3 Writing

Describe a Roman Soldier's uniform

Pre-Writing Activity: Learn about the uniform by researching the uniform online.

BBC Bitesize has lots of facts and clips to watch.

Fun challenge: Can you make then dress a toy in your house in the uniform?

Bronze	Finish the sentences using the Roman soldier help sheet	Bronze sentences The Roman Soldier wears a helmet _____ of his head. _____, he holds a javelin. A woollen tunic is _____ the body armour. _____ the body armour are shoulder plates. He wears _____ on his feet.
Silver	Use prepositions to describe where the clothing is on the Roman Soldier's body	
Gold	Vary the position of the preposition in your sentences	
Platinum	Up level your description with more detailed positions e.g. directly below	

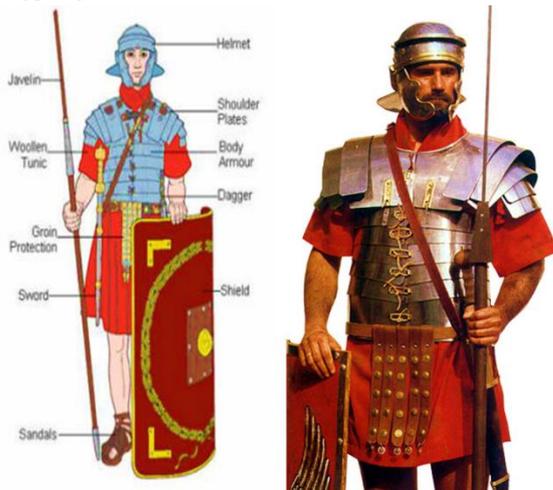

Roman Soldier Word Bank

Soldier Weapons Armour Metal helmet
 Iron shoulder plates Cavalry Protection
 Battle Fighting Leather sandals Shield
 Woollen tunic Short dagger Sword

Prepositions

Next to Beside Below Beneath
 Underneath Under Alongside Above
 Around Inside In On Attached to Near
 Outside Over In front of Against

Picture

Example of a description using prepositions

Postman Pat wears a hat on top of his head. Around his neck, he wears a white collar and black tie. On the outside of his jacket, there is a black strap. Hanging behind him, the strap is connected to a satchel with all of his letters inside. In the middle of his body, dotted along the smart jacket, there are gold, shiny buttons. Perched above Postman Pat's nose, there are round spectacles which helps him see.

Year 4 Writing

A Diary Entry of a Roman Soldier

Pre-Writing activity: Learn about a day in the life of a Roman soldier with research online.

BBC Bitesize has lots of facts and clips to watch.

Fun Challenge: Hot seat as a Roman soldier. Take it in turns with someone you live with.

Bronze	Fill in the missing words to create a diary entry	Bronze template Dear Diary, Today is the day we marched towards Colchester. Earlier, I got my rucksack ready with food, ___ and _____. _____, I formed a line with the other soldiers. My friend _____ asked if I had my dagger sharpened, which I did. _____ the general shouted an order to get ready! I felt _____ because _____.
Silver	Use time conjunctions to order the diary entry	
Gold	Use a range of time conjunctions (including ones that are not in the word bank)	
Platinum	Make your diary entry more exciting with your own found word linked to the Romans	

Roman Soldier Word Bank

Auxiliary Weapons Armour General Fort Defence Marching Shield Javelin Sword Dagger Leather sandals Cavalry

Time conjunctions

Today Earlier Meanwhile After Soon Minutes later Next During As soon as Suddenly Without warning Finally

Ideas

Getting ready to go to a battle

Eating a meal

Marching

Being on watch at a Roman Fort

Staying alert in case there is an ambush

Training

Example of a Diary Entry using time conjunctions

Dear Diary,
 I had the best day EVER today. I woke up this morning, the sun was shining through the curtains and I could smell breakfast cooking downstairs. I jumped out of my bed, threw on my school clothes and skipped down to the kitchen. A delicious breakfast of pancakes with syrup was waiting for me on the table and I gobbled it down, as quick as a flash. After breakfast, I grabbed my school bag, shouted "Bye!" to my mum and dashed out of the door to school. When I arrived at school, my teacher handed my homework back to me and a huge grin spread across her face. Guess what? I got 20 out of 20! I couldn't believe it! Before I knew it, it was lunchtime. The menu today was my favourite: Spaghetti Bolognese followed by Chocolate pudding – yum! After school, I came home and was met with the most amazing surprise; my mum told me that we were going out to the cinema and to Pizza Hut for dinner. We had a fantastic time! Now it's about 8pm. I'm so tired I think I'll fall asleep straight away!
 Alex

Other Writing Ideas...

Fashion Magazine Write a magazine article describing the Roman fashion	Roman Menu Write a menu for a Roman soldier and a Roman Emperor. How would they be different?	Job Description Write a job description for a Roman Soldier.
--	---	--

READING

HOME READING CHALLENGE

Parents/Carers – please encourage your child to read at least 3 days a week. You are asked to sign, date and comment when you listen to your child read.

Rainbow Reader - You need to read at least 3 days each week to make sure that you become a brilliant reader for when we get back to school..

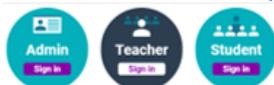

Can you complete this card?

How to get reading!

Collins Big Cat Reading

If you're less confident with reading then you might find some books that suit you here! <https://connect.collins.co.uk/school/Portal.aspx>

Select the teacher sign in.

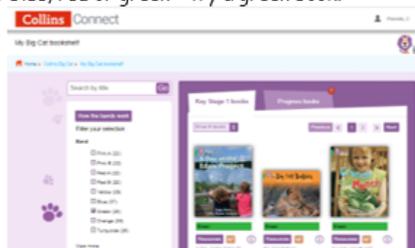

Username: parents@harpercollins.co.uk Password: Parents20!

If you're a white or brown colour reader you could start with turquoise.

If you're a gold, lime or purple you'll find a book for you with orange.

If you're a light blue, red or green - try a green book.

Oxford Owl

<https://www.oxfordowl.co.uk/for-home/find-a-book/library-page?login>

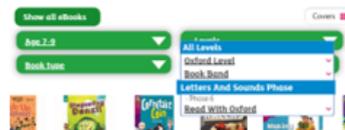

Use an email address to create a **free** account. Then you can browse the selection of **ebooks** to read online.

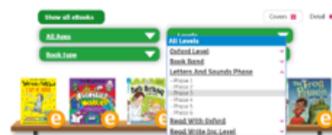

Are you a year 4 and confident with your reading? Try selecting the age 9-11 selection.

Are you a year 3 or 4 who feels confident to read books in our library which are **white band and above**? Then choose age 7-9 and choose any of those books.

Are you using gold, purple or lime library books - try starting with age 7-9 but click - levels and then choose 'letters and sounds' - 'phase six' and start there.

Do you need a little bit more practise with your phonics? Choose 'All ages' and then start with phase 3 and see if you can find a book for you in phase 3, 4 or 5.

Handwriting

To complete the ai handwriting sheet (see back of pack).

Spellings

To look, cover, write check and test yourself (see back of pack).

Remember to visit Spelling Shed online for interactive games to learn spellings!

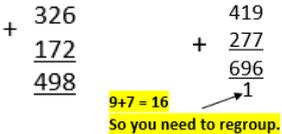

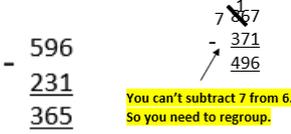

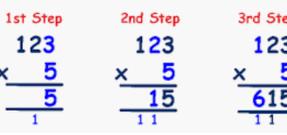

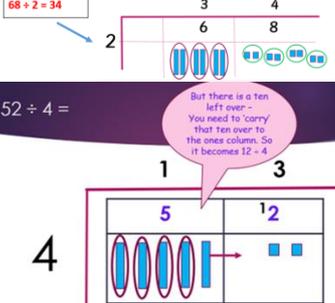

MATHS

For parents only- there is an answer sheet to the maths questions at the back of the pack for both Year 3 and Year 4.

Year 3 Maths

Use your fluency skills to add, take-away, times and divide. Miss Hunt has made a video to help you.

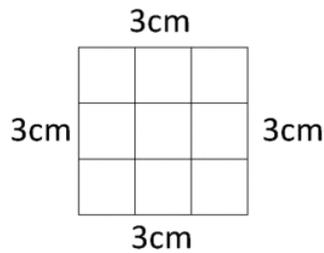

Addition (use the column method) $326 + 172$ $419 + 277 =$ 	Subtraction (Use the column method) $596 - 231 =$ $867 - 371 =$ 	Multiplication (use the column method) 123×5 	Division (Use short division which is sometimes called 'bus stop method') $68 \div 2 = 34$ 
$734 + 243 =$	$747 - 115 =$	$24 \times 6 =$	$482 \div 2 =$
$320 + 553 =$	$509 - 301 =$	$32 \times 8 =$	$886 \div 2 =$
$252 + 247 =$	$888 - 184 =$	$15 \times 4 =$	$66 \div 6 =$
$581 + 406 =$	$489 - 278 =$	$86 \times 2 =$	$96 \div 3 =$
$151 + 126 =$	$926 - 221 =$	$16 \times 4 =$	$84 \div 4 =$
$394 + 105 =$	$685 - 502 =$	$76 \times 3 =$	$640 \div 4 =$
$215 + 788 =$	$371 - 356 =$	$35 \times 8 =$	$75 \div 3 =$
$297 + 703 =$	$538 - 129 =$	$22 \times 7 =$	$296 \div 2 =$
$193 + 703 =$	$767 - 587 =$	$13 \times 9 =$	$84 \div 7 =$
$654 + 263 =$	$475 - 384 =$	$31 \times 6 =$	$846 \div 6 =$

Perimeter- measure the sides and add them together!

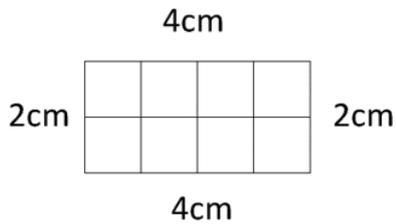

Bronze

Work out the perimeter of the following shapes

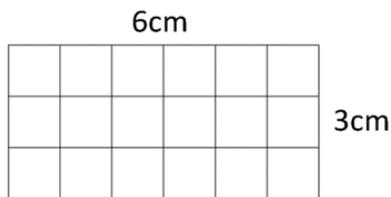

a)

b)

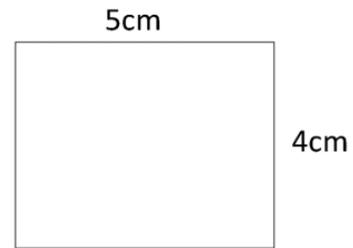

c)

Silver

Work out the perimeter of the following shapes

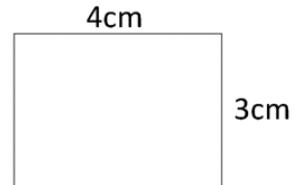

a)

b)

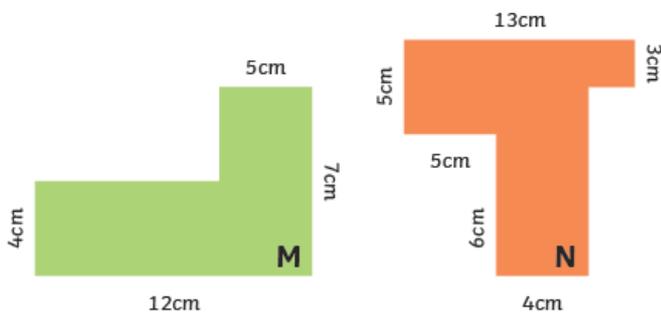

c)

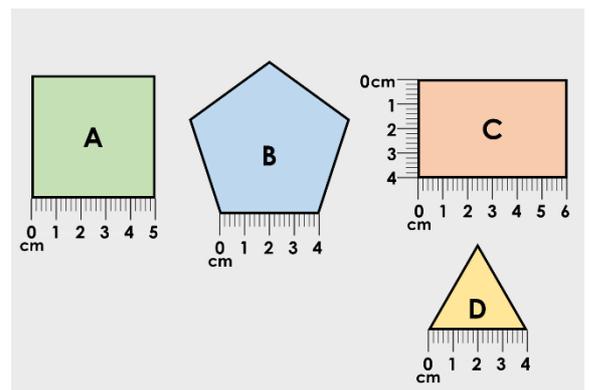

Gold

Work out the perimeter of the following shapes by finding the missing side.

Platinum

Which shape is the odd one out? Explain how you know...

Year 4 Maths

Year 4 Bronze - The Four Operations:

Complete using the Column Methods you have learnt at school.

Addition

- $313 + 424 =$
- $561 + 328 =$
- $1,456 + 1221 =$
- $3,428 + 2,361 =$

Remember to set it out like this →
And add the numbers up in columns

$$\begin{array}{r} 61 \\ + 24 \\ \hline \end{array}$$

Subtraction

- $783 - 162 =$
- $598 - 213 =$
- $2,286 - 1,153 =$
- $7,893 - 5,741 =$

Remember to set it out like this →
And always put the biggest number on top

$$\begin{array}{r} 569 \\ - 315 \\ \hline \end{array}$$

Multiplication

- $32 \times 2 =$
- $21 \times 3 =$
- $123 \times 2 =$
- $434 \times 2 =$

Remember to set it out like this →
Multiply the ones column first, then the tens and then the hundreds.

$$\begin{array}{r} 143 \\ \times 2 \\ \hline \end{array}$$

Division

- $62 \div 2 =$
- $484 \div 4 =$
- $963 \div 3 =$
- $864 \div 2 =$

How many 2s goes in to 4?

How many 2s goes in to 8?

2	4	8
---	---	---

2	4	8
---	---	---

2	4	8
---	---	---

Year 4 Silver - The Four Operations:

Complete using the Column Methods you have learnt at school.

Addition

- $318 + 424 =$
- $561 + 378 =$
- $1,456 + 1721 =$
- $3,458 + 2,361 =$

Remember to set it out like this →
And add the numbers up in columns

$$\begin{array}{r} 61 \\ + 24 \\ \hline \end{array}$$

Subtraction

- $782 - 163 =$
- $538 - 253 =$
- $2,186 - 1,753 =$
- $7,863 - 5,791 =$

Remember to set it out like this →
And always put the biggest number on top

$$\begin{array}{r} 569 \\ - 315 \\ \hline \end{array}$$

Multiplication

- $432 \times 3 =$
- $521 \times 4 =$
- $4123 \times 5 =$
- $3484 \times 3 =$

Remember to set it out like this →
Multiply the ones column first, then the tens and then the hundreds.

$$\begin{array}{r} 143 \\ \times 2 \\ \hline \end{array}$$

Division

- $162 \div 2 =$
- $684 \div 4 =$
- $936 \div 6 =$
- $864 \div 3 =$

How many 3s goes in to 6?

How many 3s goes in to 4?

How many 3s goes in to 12?

2	1	4
---	---	---

2	1	4
---	---	---

2	1	4
---	---	---

Year 4 Gold - The Four Operations:

Complete using the Column Methods you have learnt at school.

Addition

- $398 + 1,424 =$
- $2,567 + 378 =$
- $6,456 + 1775 =$
- $3,758 + 2,369 =$

Remember to set it out like this →
And add the numbers up in columns

$$\begin{array}{r} 61 \\ + 24 \\ \hline \end{array}$$

Subtraction

- $4,782 - 863 =$
- $2,538 - 259 =$
- $2,036 - 1,789 =$
- $7,405 - 5,991 =$

Remember to set it out like this →
And always put the biggest number on top

$$\begin{array}{r} 569 \\ - 315 \\ \hline \end{array}$$

Multiplication

- $468 \times 7 =$
- $527 \times 8 =$
- $4628 \times 9 =$
- $3789 \times 6 =$

Remember to set it out like this →
Multiply the ones column first, then the tens and then the hundreds.

$$\begin{array}{r} 143 \\ \times 2 \\ \hline \end{array}$$

Division

- $1246 \div 7 =$
- $784 \div 8 =$
- $3936 \div 6 =$
- $2862 \div 9 =$

How many 3s goes in to 6?

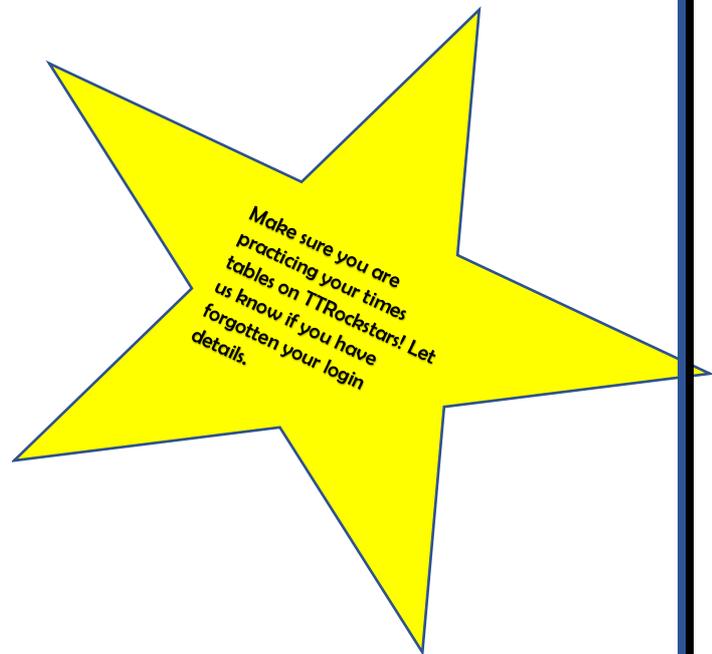

How many 3s goes in to 4?

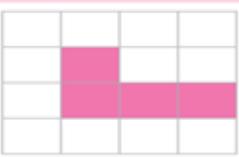

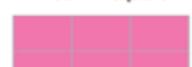

How many 3s goes in to 12?

2	1	4
---	---	---

Area and Perimeter		Knowledge Organiser
Keywords	Area and Perimeter	Measuring Area
area	Area is the amount of space inside a 2D shape.	We can count squares to find the area of a rectilinear shape.
perimeter	Perimeter is the total distance around the outside of a 2D shape.	 Area = 1 square
centimetres		 Area = 4 squares
metres		 Area = 6 squares
squares		
distance		
millimetres	Units of Measure for Perimeter	Rectilinear Figures
kilometres	km 1 kilometre = 1000 metres	A rectilinear figure is a 2D shape whose sides all meet at right angles (90°).
length	m 1 metre = 100 centimetres	
width	cm 1 centimetre = 10 millimetres	
rectilinear		
right angle		

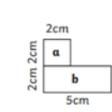

Find the perimeter and area of the following rectangles or squares (not to scale). 1 square = 1cm

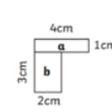

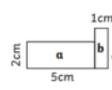

Find the perimeter and area of the following rectangles or squares (not to scale). **Multiply the length and width to find the area.**

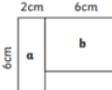

Find the perimeter and area of the following compound shapes.

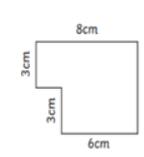

1. 

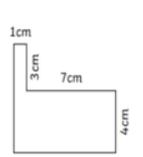

2. 

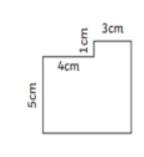

3. 

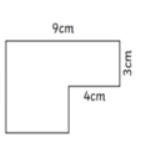

4. 

Identify the shapes where the area can be calculated. Calculate the area of each compound shape.

1. 

2. 

3. 

4. 

Challenge: Find the perimeter of the shapes too.

Science

LO: Investigate how vibrations in fabric, water and air cause sound.

For each experiment, **predict what you think will happen before doing it.*

Equipment you will need: balloons, drum, rice, wooden spoon, glass of water, rubber band, large tin, small tin, plastic (i.e. freezer bag/sheet plastic), salt and a ruler.

1. Blow up a balloon, hold it against your mouth and speak with your hand on the other side – what can you feel? Let the balloon go – what happens?
2. Pour some rice on the top of a drum, bang the drum – what happens to the rice?
3. Cover the open end of a large tin with the plastic, hold it in place with a rubber band, pour the salt onto the plastic. Hold the small tin close to (but not touching) the salt. Tap the small tin with the ruler. What happens to the salt?

Challenge: What is the longest sustainable vibration you can make?

Challenge: What is the loudest sustainable vibration you can make?

Challenge: How many natural vibrations can you think of?

Write up your findings using the following subheadings:

Equipment - what did you use?

Prediction - what do you think will happen?

Method - how you set up the experiment. What did you do?

Results - what did you find out?

Conclusion

Music – The Romans

LO: To find out what we know about music in Roman times.

- ♪ Find out, describe and draw some instruments used in Roman times
- ♪ Explain how we know about Roman music
- ♪ Give examples of when music was played in Roman times
- ♪ Learn a Roman song

Use the internet to help you to answer these questions:

1. What does a historian do?
2. How do we know that Romans had musical instruments?
3. What kind of instruments did they have? Draw/colour it.
4. Choose one of the Roman instruments. Can you write a short paragraph to describe it?
5. When was music played in Roman times?
6. What evidence might there be?

P3HE

Interview your household about lockdown. Using the interview sheet, ask the questions provided and write down the responses. If you have additional questions you would like to ask, write them down along with the answers you are given.

Lockdown 2020

Interviewer _____

Who are you interviewing? _____

Questions	Answers
How do you feel about lockdown?	
What has been the worst part about lockdown?	
What has been the best part about lockdown?	
Is there anything you have started, due to lockdown, which you will continue once lockdown has finished?	
Has lockdown changed you as a person?	
What is the first thing you are going to do once lockdown has been lifted?	
On reflection, would you change anything if you knew lockdown was going to happen?	

Geography

L.O. To understand how the Roman Empire began and where the Romans conquered

This map shows the country boundaries as they were in 177AD. Use an atlas or an online map to name the countries as they are now.

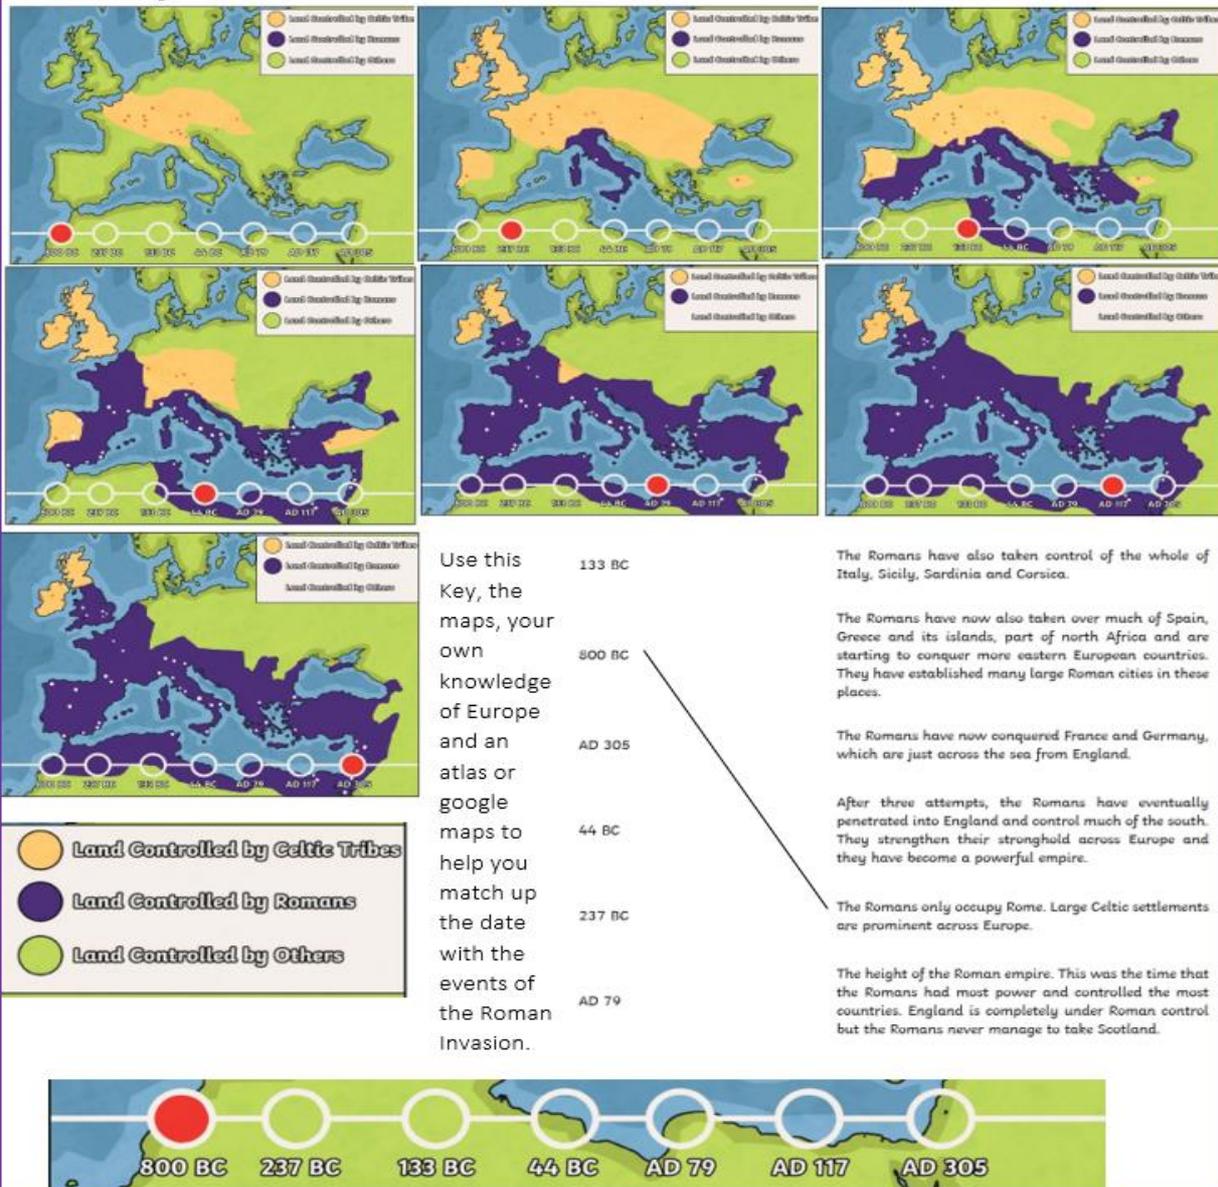

Art- Create your own Roman Mosaics

During Roman times, mosaics were popular in public buildings, bath houses and homes. They were used for decoration and as a symbol of how rich you were. They were made of small coloured tiles and could be found on walls, ceilings and floors. Common themes were geometric patterns, animals, gladiators, romantic images, mythology and astronomy.

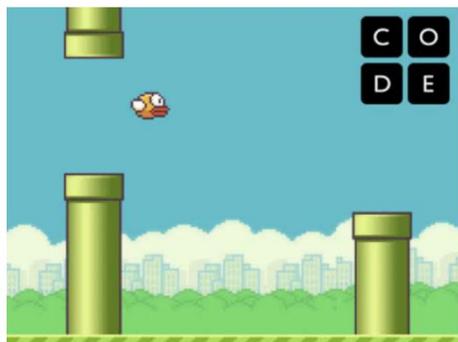

Create your own Roman style mosaic using the technique you prefer- cut paper squares, gummed paper/stickers, potato print/ sponge print, colouring/painting on squared paper, outdoor using natural materials or online on <https://www.learningplayground.co.uk/mosaic/>

History

Computing

Make a Flappy game

Code.org
Grades 2+ | Blocks

Use drag-and-drop programming to make your own Flappy Bird game, and customize it to look different (Flappy Shark, Flappy Santa, whatever). Add the game to your phone in one click.

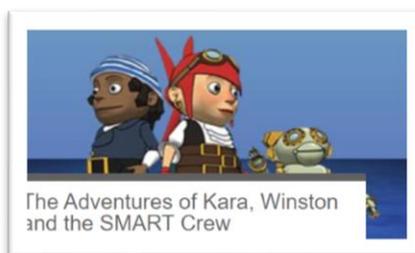

Start

<https://studio.code.org/flappy/1>

Use Coding to make your own flappy bird game.
