

25<sup>th</sup> June 2020

Dear Parents/Carers,

Further to my letter dated 18<sup>th</sup> March 2020 regarding the cancellation of the PGL residential, I have now had an opportunity to discuss future residential with my staff in school. Unfortunately, it has been decided that we will not be carrying forward any planned residential to the new academic year.

I am aware that at the time I told the children that I would do my very best to rearrange this unique residential opportunity. However, due to the scale of this pandemic and the impact on society I am reluctant to make any further promises. Please accept my apologies that I feel unable to rearrange PGL.

Pupils in all year groups from Y2 to Y6 have sadly missed out on the associated residential experience for their year group. We hope to offer the usual opportunities next year but I am afraid it will be a case of wait and see.

Therefore, my Admin Team will begin to process all accounts and refund any monies that you have paid towards this trip.

These are difficult unprecedented times for all concerned and I would recommend continued understanding, cooperation and support as no doubt there will be further difficult decisions to be made over the coming weeks, months and terms..

Yours sincerely

Gary Fullwood  
Executive Head Teacher
