What's Been Happening in School:

Year 1 & 2	This week, we have been continuing to write diary entries for Shakespeare week! The children loved pretending to be Viola and thinking about our feelings throughout the play. The diary entries have been quite tricky however the children have worked so hard on them! In maths, year 1 have been recapping place value to 100 and year 2 have been looking at position and direction. We have even had a visit from a drama workshop too! We really enjoyed the visit from Martha Toogood. We freeze framed different parts of the story and thought about some different drama techniques we could use. In the afternoons we have been looking at some artwork linked to Shakespeare. Next week we have our Sports day so please remember your hats, sunscreen and water!
Year 3 & 4	With the sun shining, we have been enjoying our second week learning about Twelfth Night and writing love poems to the tricked 'Malvolio'. We have found the play humorous in places and fun to get to know. #eagertolearn In Maths, Year 4's have started a new block on time: understanding timetables, knowing durations and applying their knowledge to real-life contexts. Year 3's continued to learn about money: calculating amounts and understanding how much change should be given. #aiminghigh Did you know that we have all been given a class pepper plant to look after? We are hoping that our class plants will thrive and give many fruits to share and eat #environmentallyaware We have more than one trip coming up, so please check that you are aware of them and consented. Thank you! #focusedonenrichment
Year 5 & 6	This week in Y5&6 we have continued to write our Shakespeare narratives. The children enjoyed including speech, action and dialogue based on the characters of Twelfth Night. We have also focused on thoroughly editing our work to uplevel vocabulary and sentence types. In Y6 maths, they have been learning how to draw 2D shapes and accurately measure angles. The Y5s have revisited telling the time on analogue and digital clocks. We have also discussed 12-hour clocks and the difference between AM and PM. In RSE, the Y5s discussed approaches on how to take notice of one another's feelings. The Y6s have discussed media manipulation and the way this can make young people feel. In both conversations, the children were very mature and worked together to come up with good discussion points. We have also continued practicing the Y6 production and the Y5 assembly.

Online Safety: There have been occasions recently where it has come to light that children have either caused concerns about their own safety online or have been victim of online abuse outside of school hours. This has been over social media (Snapchat, TikTok), messaging services like Whatsapp or through online gaming. We deal with

these incidents as safeguarding concerns and this therefore needs **parent support to understand what your role is in protecting your children online**. If you can not support in the travelling from school we look forward to seeing you at Vernon Park. The event will finish at around 2:45pm. Positive Mental Health and Well-Being at Heathfield

This half term we are focusing on our well-being area of

Care (for the world)

How can kids take care of the Earth?

Here are 7 simple ways that are easy enough for children to do but will impact the world in a big, positive way significant for our planet.

- Let your child choose toys that use recycled materials.
- Let your child have a reusable water bottle and let him know why.
- Give your child the task of reminding you to use reusable bags when shopping.
- Teach children to point out devices that are not in use but are still plugged to electricity.
- Let your children save money for a good cause.
- Let Everyday be an Earth Day.
- Encourage your kids to spend time outside every day to experience nature.

Kids will better understand the relationships they see in nature if they see it up close so, create activities that will help them get connected to the environment like growing a garden or planting trees and getting the whole family involved.

Music Performances during Star of the Week: Is your child a budding singer? Do they play an instrument at home or in school? As a school we would love to have more opportunities to hear and celebrate musical talent at Heathfield. After Easter, during Star of the Week assemblies on a Friday, we will be having short musical performances so if your child would enjoy playing some music for people to listen to, then please let us know. It doesn't have to be long and can be in a small group. If your child is interested, please ask them to contact Miss Wilson at Scotland Road or Miss Hunt at Kersall Drive who will organise it.

Relationships, Health and Sex Education (RSHE): As you will know we have been in the process of reviewing our RSHE curriculum and have engaged parents carers through online surveys and in person meetings at each campus. Now that the consultation is complete we have reviewed the feedback from stakeholders and have settled on a set of resources that we will use going forward.

From our survey we were pleased that the majority of respondents were happy with the resources shared, however we did receive feedback from families on a few specific elements which were then given further scrutiny and consideration. Having shared this feedback with a cross section of staff from school we have decided to make a slight change to the resources initially shared, this will take the form of the removal of two statements from Year 5 activity sheet c) points 7 and 9 (you can find the original resources here <https://bit.ly/3Opsset>).

In addition to this, we will also be including a review lesson at the end of each unit in which boys and girls are taught separately and given the opportunity to ask any questions or review any of the subject matter they have been taught that half term.

To ensure parents/carers are fully aware of when RSHE sessions will be taking place and the content being covered we will include this information in our weekly newsletter. This will hopefully allow parents/carers to be better prepared should their child come home with any questions.

We do appreciate that we won't ever be able to please everyone in our community but would like to reassure parents/carers that our primary aim is to keep children safe and this is the foundation of our decision making.

Thanks again to everyone who engaged with the review process and ask for your support with the decisions that have been made.
